

the Nevada Legislature do hereby urge the Congress of the United States to adopt legislation that dedicates the Old Spanish Trail and the Antonio Armijo Route of the Old Spanish Trail as a National Historic Trail; and be it further

Resolved, That such a designation would help ensure the protection and interpretation of the Old Spanish Trail in a more consistent and coordinated manner, would encourage tourists to visit the communities, landscape features and other resources along the trail, would help visitors gain a better understanding of how a journey along the trail might have been more than 100 years ago, and would enhance and promote knowledge concerning the early settlers and explorers who emigrated and led expeditions to the Western United States; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the Senate, the Speaker of the House of Representatives and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-75. A joint resolution adopted by the Legislature of the State of Nevada relative to increasing federal funding for special education; to the Committee on Appropriations.

ASSEMBLY JOINT RESOLUTION NO. 1

Whereas, The Education for All Handicapped Children Act of 1975, now known as the Individuals with Disabilities Education Act (IDEA), was enacted by the Congress of the United States to ensure that all children with disabilities have available to them a free and appropriate public education; and

Whereas, In 1975, Congress promised state and local governments that it would fund 40 percent of the costs of providing special education and related services to children with disabilities; and

Whereas, Congress has never appropriated funds equivalent to the authorized level, has never exceeded the 15 percent level and has usually appropriated funding at only about the 8 percent level; and

Whereas, The State of Nevada is committed to providing a free and appropriate public education to children with disabilities to meet their unique needs; and

Whereas, The costs associated with serving children with disabilities continue to rise, and meeting those substantial costs requires a strong partnership between local, state and federal governmental agencies; and

Whereas, The failure of Congress to fund special education programs as it promised has forced the states to utilize funding from other necessary local and state programs to attempt to provide these special educational services; now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, Jointly, That the Nevada Legislature hereby urges the President and Congress of the United States to increase federal funding for special education to the 40 percent level authorized by the Individuals with Disabilities Education Act so that the State of Nevada and other states can fully meet the needs of children with disabilities; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the Senate, the Speaker of the House of Representatives, each member of the Nevada Congressional Delegation and the Superintendent of Public Instruction for the State of Nevada; and be it further

Resolved, That this resolution becomes effective upon passage.

POM-76. A concurrent resolution adopted by the House of the Legislature of the State of Missouri relative to establishing a federal energy policy; to the Committee on Energy and Natural Resources.

RESOLUTION

Whereas, the recent dramatic increase in utility rates for utility companies providing heating fuels has had a devastating financial effect on many middle and low income Missourians who cannot afford to pay utility bills which have more than doubled in recent months; and

Whereas, many Missourians on fixed and limited incomes may be forced to eliminate other essential purchases, such as food and medicines, from their limited budgets in order to pay the exorbitant utility bills; and

Whereas, due to the extraordinary circumstances in which Missourians find themselves, members of Congress should consider taking extraordinary steps to protect the interests of all of the people of the United States: Now, therefore, be it

Resolved, That the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby request that the United States Congress consider establishing a strong remedial federal energy policy that delegates emergency powers to individual states; and be it further

Resolved, That the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and each member of the Missouri Congressional delegation.

EXECUTIVE REPORT OF COMMITTEE

The following executive report of committee was submitted on May 24, 2001:
